DWA_03.5 Knowledge Check_DWA3.2

_____

1. User story(ies) in Gherkin syntax for the "+" button.
Feature: Maximum Quantity Reached
  As a customer
  I want to be notified when the maximum quantity is reached
  So that I don't exceed the allowed quantity

  Scenario: Maximum quantity reached
    Given I am on the product page
    And the product quantity is displayed
    And the current quantity is the maximum allowed quantity
    When I click the "+" button
    Then the quantity should remain unchanged
    And an error message should be displayed notifying the maximum quantity is reached

_____

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Decrease Quantity
  As a customer
  I want to decrease the quantity of a product
  So that I can remove items from my cart

  Scenario: Decrease quantity using the "-" button
    Given I am on the cart page
    And the product quantity is displayed
    And the current quantity is greater than 1
    When I click the "-" button
    Then the quantity should decrease by 1
    And the updated quantity should be displayed
