DWA_04.3 Knowledge Check_DWA4

_____

1. Select three rules from the Airbnb Style Guide that you find useful and explain why.
 "Use const instead of var." This promotes immutability and prevents accidental variable modifications.
 "Use arrow functions (=>) for anonymous functions." They provide a concise syntax and automatically bind this value.
 "Use template literals for string interpolation." They simplify string concatenation and improve code readability.

_____

2. Select three rules from the Airbnb Style Guide that you find confusing and explain why.
  A) "Don't use eval()." It's not recommended because it can be risky and slow down your code.
  B) "Use ++ and -- sparingly." Using them too much can make your code harder to understand.
 C) "Avoid the with statement." It can cause problems with how your code works and makes it harder to maintain.
